REGISTRATION OF COMPLAINT AGAINST THE THEFT OF GI PIPELINE OF
SAINIK SCHOOL IMPHAL

1. It is brought to your kind notice that the water pump shed situated in the southern side of the School Campus is utilised to draw water from Kongba river flowing adjacent to it as and when water scarcity happens for filling water reservoirs and filtration process. Further, provision of adequate drinking water for the residents of the campus is possible only through this process throughout the year with the water drawn from this river
2. However, the GI water pipeline of 4" diameter with an approximate length of 20ft long used for drawing water from the said river has been stolen by some miscreants in the mid night of 198 Aug 2023 thereby disturbing the crucial drinking water supply process. The identity of the miscreants could not be established from CCTV footage
3. In this regard, you are requested to look into the matter and register a complaint against this act of misconduct which adversely affect smooth function of the school administration.
4. Your kind cooperation and prompt action in this regard will be highly appreciated.
