

Reserve/Protected Forest for poppy plantation, settlement of immigrants of foreign countries etc. But, the fact is that the Government of Manipur has taken serious actions under the ND&PS Act and such related legislations and without differentiating caste, creed or religion i.e. against those persons who are part of the poppy plantations, forest encroachments and such illegalities. Hence, the allegation of targeting Kuki communities by State Government is baseless and wrong. It is also reported in the many newspapers that destruction of illegal poppy plantation is carried out all over the State of Manipur and the same is not confined only to a specified area or community. The complainants have tried everything to obtain relevant documents from SP/NAB, Forest Department, Police Department etc., as relevant to the present case but they refused to provide us the detail. Therefore, the complainants crave leave of this Hon'ble Court to direct the State authorities to disclose the correct documents and the police may seize the same as part of the case record in the interest of justice.

8. That, the accused no. 2 namely Mr. Wilson L. Hangshing, aged about 50 years, General Secretary, Kuki People Alliance also made many incriminating statements against other i.e. Meitei community and even to the extent to provoking the Kuki Community against the State Government with an intention to provoke the ordinary citizens and to delay achieving peace in the State.

9. That the accused No. 2 has stated in his interview with Wire news channel that the Government of Manipur deliberately used the Reserved Forest and Protected Forest to prosecute the Kuki community which are totally false and denied and the allegations have been made to promote enmity between different communities on the false allegations that the State Government led Shri. N. Biren Singh, who is a Meitei wants to prosecute and forcefully evict Kuki community from Reserved Forests and Protected Forests. Therefore, with the above statements the accused has instigated the innocent Kuki people to hate all Meiteis including the Hon'ble Chief Minister in order to encourage the fighting, burning of Meitei Villages, and at the same time these statements clearly instigate to Kuki militant groups to hate and attack the Meitei villages and also all officials of State Government (including Manipur Police Personnel) who belong to Meitei community. It is just meant to see that Manipur continues to blood shed because more and more fights and killings will only benefit separatist people like the accused to obtain separate administration or otherwise the objective of Zale'n-gam what they called the land of freedom i.e. their objective to obtain separate country for Kukis within the Kuki dominated areas of Myanmar, India and Bangladesh.

10. That the accused No. 2 further stated that the thousands of distress Meitei/Meetei who has been chased out after the unfortunate incident have been staying in the Hills districts such Churachandpur, Tengnoupal, Kangpokpi etc. before the incident on 3<sup>rd</sup> May, 2023 without any disturbance, and there is no bar to Meitei/Meitei people in staying in Hills areas and the accused states that Meitei are living in the said hilly area with the permission of District Councils. However, the fact is that the Meitei/Meitei community has been staying in those areas since time immemorial as most of these areas are surveyed land under MLR & LR Act, 1960 and most of the areas where the Meiteis are staying have proper Jamabandies unlike the un-surveyed "Hill Areas" as defined under the Presidential Order of 1972. Hence, his statement was made only to provoke the distress Meitei/Meitei community and to bring communal disharmony between the communities. The above mentioned facts are well known facts and will be produced before the Investigating officer as and when required.

Further, it is respectfully submitted here that there is no doubt that there is a large scale conspiracy involving both accused against the State Government and Meitei Community at large. Therefore, detailed character antecedents of both the accused including CDR reports of extremely necessary to protect innocent public.

11. That there is a pending Complaint case against the accused before the Ld. Court and it came to the knowledge of the Complainant that the accused would avoid notice to them and CDR reports can along be obtained by the I.O. Hence this Complaint.

12. That the accused No. 1 and 2 are known about the above facts but they have given a false and fabricated statements with their criminal conspiracy thereby committing the offences under Section 153A, 200, 295A, 298, 505(1), 120B of the Indian Penal Code, and 66 of the information Technology Act and others.

13. That it is highly suspected by general public that a large conspiracy involving the accused No. 1 and 2 and as such their CDR (Called Detail Report) since 1<sup>st</sup> April, 2023 to 18<sup>th</sup> June, 2023 is urgently required and the humble complainant request for seizing the phone numbers of the accused No. 1 and 2 and call for CDR (Called Detail Report) from the concerned authority by following due process of law.

In the light of the above mentioned facts and circumstances, it is therefore requested to kindly book the above mentioned two accused under Section 153A, 200, 295A, 298, 505(1), 120B of the Indian Penal Code, for ends of justice.

Dated/Imphal  
The 25<sup>th</sup> July, 2023.

in the conflicts with armed Kuki militants. But the accused has now sought to drag the innocent Kuki community into the conflict by encouraging the Kuki Community to attack meiteis villages in the foot hills of Manipur by spreading and promoting enmity by both the accused.

The written copy of the statement made by accused No. 1 & 2 in the said interview are enclosed herewith and it is available in Youtube Channel as link name [https://youtu.be/cj1\\_IJULOUy](https://youtu.be/cj1_IJULOUy) and [https://youtu.be/8-r6\\_BeyD\\_I](https://youtu.be/8-r6_BeyD_I).

7. That it worthwhile to submit here that during the regime of all the previous Governments in the State of Manipur, there were no process of identification of illegal immigrants, prosecution against large scale destruction of poppy cultivations, large scale seizure of narcotics substances, and eviction of illegal encroachments in forest area in the State of Manipur. But since the month of March, 2017 the present Government started identifying illegal immigrants from Myanmar and other countries, who are mostly labourers who were brought in Manipur by big investors business man in narcotic substances by the forming a huge. Many leaders of the Kuki militants are the direct beneficiaries of these cartel and poppy is one of the main sources of terror funding of these Kuki terrorists who have mostly come from Myanmar. Therefore, large scale a destruction of poppy plantations in the hill range measuring over 8000 acre; seizure of narcotic substances during last five (5) years; crackdown against Myanmarese immigrants, eviction of encroachments in forest areas are some of the main reason as to why these Narco-terrorists are up in arms against State Government of Manipur and all these Narco-terrorists have been instigating the innocent Kuki community to attack against the Meitei villages in foot hills of across all Districts. Moreover, strict actions are been taken up by the present BJP led State Government against all the illegal encroachments in reserve and protected forest area across all communities including both the Meiteis/Kukis and also numerous actions have been taken against illegal constructions in Paddy Field stringently. These are also the main reasons for the violence being instigated by the vested interested people as many illegal immigrants have started settling in the reserve and protected forest area after they ran away from the Myanmar military crack down within the last 3-4 decades. And the modus operandi of the illegal immigrants is that immediately after illegal settlements in interior part of forests, they will forthwith start poppy cultivations as a main source of livelihood under the finance and control of these Kuki militants.

It is also widely reported in the media that one of the Kuki Chin Minister who was the Chairman of cabinet Sub-Committee for identifying the Kuki immigrants from Myanmar along with his team visited Churachandpur District on 01/04/2023 and then Chandel District on 29/3/2023 and in its first round/initial survey more than 2,100 illegal Myanmarese Kuki immigrants were dictated and these have caused panic to large number of Kuki immigrants in Churachandpur. However, interestingly the said Shri Letpao Haokip within about 45 days therefrom has demanded for a separate administration. Therefore, it is very apparent that there is huge nexus between all of these accused with armed militants, politicians etc., and it has to be investigated.

We must also recall the information made available to the public by State Government officials that the previous State Government only destroyed 66 acres of illegal poppy cultivation in Manipur from 2013 to 2016. But, the present State Government under the leadership of Shri N. Biren Singh destroyed 18,664 acres of illegal poppy cultivations from 2017 to March, 2023. And precisely more than 2699 acres of illegal poppy was destroyed in Churachandpur alone and as such armed narco-terrorist and their supporters based in Churachandpur has every reason to wage war against the State.

Myanmar Government has issued a statement dated 15<sup>th</sup> June, 2023 that the illegal immigrants of Myanmar who are at Manipur should refrain from doing any acts that are prejudicial to sovereignty and territorial integrity of India. Further, such notification was published by the prestigious newspaper the "Hindu" on 18/05/2023 are enclosed. Therefore, the factual aspect of large scale immigration from Myanmar including armed militants to Manipur for illegal purposed is proved beyond any doubt.

7.1 It is pertinent to mention herein that the border between Myanmar and Manipur is unfenced and left open since border fencing is completed only to the extent of about 10 kms, hence, a stretch of about 390 kms of Manipur-Myanmar International Border still remains porous and easily penetrable for illegal activities such as entering of illegal immigrants, illegal arms smuggling, illegal drug smuggling and such other anti-national activities.

7.2 Further, the Kuki National Army (KNA) has established in Myanmar since 1988 thereby demanding homeland for the kukis, and they were targeted by Myanmar Army and because of such reason they were even bombed and large number of them crossed the unfenced/open border and came to Manipur where they indulged in illegal activities in the Manipur's border region and beyond and also participated in drugs business, bringing of large number of illegal immigrants into the State etc. It is worth mentioning that the said KNA, KNO and other such illegal Kuki outfits operating in the Myanmar came easily through the porous border and gets easily mingled with indigenous Kuki citizens of Manipur residing in Churachandpur, Kangpokpi, Tengnoupal etc. since many of them belongs to the umbrella of Kuki-Chin community, and the said community is residing largely Myanmar, Bangladesh and India they are found in Manipur and Mizoram. Hence, after 1988 the North-East especially Manipur become a breeding ground for such illegal armed outfits after 1990s.

Another, threat to the State is demand for a Kuki homeland which can relates back about 20 years and it is worth mentioning that in Manipur most of these armed Kuki militants were formed to counter the counter part of Naga community after the Kuki-Naga Clashes in 1993-1994 but now due to all these selfish ideologies they have started demanding for separate State/UT or otherwise Kuki land or Zale'n-gam.

Zale'n-gam is one of the major ideologies shared by most of the separatist Kuki-chin militants who instigate innocent people belonging to Kuki-chin-zo community to demand for a single country which comprises of different parts of Myanmar, Bangladesh, Mizoram, some part Manipur, Nagaland etc. And, the instigation and propagation of both the accused which is prima-facie apparent from their statements for the cause of Zale'n-gam creates a serious doubt about the unholy nexus between both the accused and the armed Kuki militants and as such their involvement in anti-national activities cannot be ruled out and it must be investigated.

7.3 That the opium/poppy is the key source for many narcotics, including morphine, codeine, and heroin. And, since 1972 it has been widely planted in the Hill Areas of Manipur especially in the Kuki dominated areas.

7.4 That, however, the allegations are being made as if only Kuki community has been prosecuted by the State Government under the law of the land for illegal large scale plantation of Poppy in hill areas, clearing of large track of

		rally and it was provided that in Churachandpur it will start at 11.30 am.
vi.	Last week of April, 2023	It is widely reported in public that the Home Department etc., of the State sent many requests to the then DGP P Dongel to send additional forces to Churachandpur District because of the law-and-order situation in the district but it is reported that the then DGP did not send any additional force even on the date of occurrence i.e. 3 <sup>rd</sup> May, 2023 to CCpur. Liberty may be given to substantiate the statement after the records are obtained from concerned authorities.
vii.	30/04/2023	The Hon'ble Minister of Forest Government of India issued a statement that the State Government has constitutional duty to protect the reserved and protected forest in Manipur.
viii.	03/05/2023 at 10.30 am	Forest Beat Office was burnt down in Churachandpur on 3/5/2023 at 10.30 am by mob even before the rally started at Churachandpur.
ix.	03/05/2023 11.30 am onwards	Rally as organized by ITLF & ATSUM started in Churachandpur on 03/05/2023 and immediately thereafter the rally turned violent with the participation of armed militants of different communities namely Waikhurok, Bangla, Govindpur, Torbung, Kuki Community, wherein the villages namely Leikai, Phubakchao Awang Leikai etc. of Meitei Kangvai/ Phubakchao Ekhai Mayai Leikai, Phubakchao Awang Leikai etc. of Meitei community were burnt down one after another by the Kuki mob under the instigation of Kuki militants with AK-47 etc. Supporting videos showing the rally, newspaper with AK-47 etc. are enclosed as
x.	03/05/2023 around 6 pm to 7 pm	After all the above incidents the Meitei Community also started retaliation in Imphal East and Imphal West District on 3/5/2023 at around 7pm

5. Therefore, the statement of the accused No. 1 that the communal violence started on May, 3<sup>rd</sup> from the Imphal Valley by the Meitei Community is totally false and such false statements have been made to promote enmity between different communities of Kuki and Meitei. The very statement of the accused No. 1 is reproduced hereunder for easy reference.

"...And it just recalled back the time when the violence started on 3<sup>rd</sup> of May, it started in the Imphal valley where the ethnic cleansing of Kuki have started and they have they didn't go on their own they have been chased away and I can say that those people who have been displaced from the Imphal valley are the lucky one and lucky survivor who have been sheltered in Army Camp. So, I in this regard, I would like really like to thank the Indian Army. They are the only survivor who have been rescued by the Indian Army."

The Accused No. 1 further stated that by quoting the statement of Mr. Hanshing (Accused No. 2) and Vungzagin Valte's wife that "The Meiteis the Meiteis militants, the State sponsored militants are like wolves. The mob are like wolves and they are like animals." The accused No. 1 further goes with a serious statement that "Because this war which has been declared by the Chief Minister against the Kukis or the pre-plan ethnic cleansing or genocide of the Kukis have let to the youths holding guns instead of books."

It is a well known fact that the present situation in the State of Manipur has started from the Churachandpur District after the rally turned violent on 3<sup>rd</sup> May 2023 as evident from the supporting documents. It is also a well known fact that the present situation has been created by armed Kuki Militants against the State Government policies namely (i) crack down against illegal immigrants from Myanmar; (ii) large scale destruction of illegal poppy plantations in the different hill districts including Churachandpur, (iii) war on illegal drugs declared by the State Government; and (iv) eviction process against illegal encroachers reserve forest area. The reasons for the present situation in Manipur have been numerous but the reason assigned by the accused No. 1 is only for demanding status of schedule tribe by the Meitei community and it is completely false. The present Chief Minister only took different steps as stated above to protect the interest of the indigenous people of Manipur (including the kuki tribe who were settle officially in Manipur for over 200 years) and also in the interest of National security.

Therefore, the inflammatory statement of the accused that the Chief Minister has declared war on kuki is destined to encourage the communal tension and killings of innocent meiteis by the Kuki militants.

It is further respectfully submitted that at present the violence is cornered only with the killing of Meitei civilians and village defence force by the armed Kuki Militants. The very statement of the Accused No. 1 is very serious as it amounts to not only instigating the Kuki militants but also Kukis civilians to take arms in their hands against the innocent meiteis villages which is a very serious offence and as the result of the statement by both the accused many Kuki people all across the districts have started attacking and burning Meitei villages because of the inflammatory remarks of the separatist like the accused.

6. That the accused No.1 made many other allegations as mentioned in the above paragraphs which is causing further hatred, enmity and violence in between the Kuki militants and Kuki civilians on one hand; and innocent Meitei community, on the other hand. It is submitted that the peaceful coexistence which existed in the State between Meitei Kuki militants and Kuki illegal immigrants from Myanmar who have come to Manipur in the last 30 to 40 years. And, to sum up, it is unfortunate that the accused no. 1 made many false allegations to promote enmity between different communities and in her desperate attempt she has even accused Manipur Police Forces and even Indian Army that they are helping and sponsoring the arms militants of Meitei to kill Kukis which is totally false and the accused No. 1. These allegations made by the accused on the behest of armed Kuki militants are completely false and seditions. Moreover, in the entire episode there is not even a single mention of Meitei Militants being involved in the present crisis in any of the local media or otherwise official records nor is there any evidence of use of imported sophisticated armed like M-16 rifles, AK-47 etc. by Meitei community on Meitei militants. Therefore, the present conflict is about the attack upon the innocent Meitei community by Kuki militants, and these innocent Meitei community have been trying everything to defend themselves these
