Subject: Report.

Sir,

With due respect, I would like to lay down a few lines before you for your kind consideration and necessary action.

That on 15th May (Monday) 2023 at around 5.00 pm near Baby Seikam School near New Checkon ATM booth, four men wearing plain clothes caught me and took me in purple coloured Maruti Swift to Wangkhei Ayangpali and dragged me out and started beating and slapping me. Then they called meira paibis and several local men who took turns in slapping and punching me. Then I heard one of the ladies saying that we must call "Arambai Tengol". Then 4 men arrived in black shirt with some logos on their back and all of them were carrying guns. Two of these men looked like they were mid 30s and rest two of them looked like they were in their 50's. One of the ladies from the mob gave clear instructions to these 4 men to kill me. Then, these 4 men shoved me in a white Bolero and then we drove off from that place. They asked me whether I will remember their face and when I said no, they would slap me. They continuously asked me random questions and no matter what I answer or try to remain silent they would slap me and couple of times also hit me with butt of their guns. Then we reached a place which was slightly on a hill top where they decided to kill me. I heard these men discussing that killing me here would not be a good idea as one of these men said that "if we shoot her here then they would attract police from nearby police station". Then one of them said that "Kuki people rape Meitei women, kill them and put them naked in a plastic bag, but don't worry we will not go to such an extent after killing you". I looked around and fell on the feet of one of these men who looked the eldest and started begging for my life. I even promised them that I will never return to Imphal, just let me go; I want to meet my parents. Then they put me in car again and they drove me around to look for a better location to kill me. After driving around for a while, they stopped the car again in hilly top area. They dragged me out of the car and starting physically assaulting me by kicking, slapping, punching etc. One of the blows on my face with the butt of the gun was so hard that I blacked out for a while. My eyes opened when I felt drizzle of rain on my face. Upon gaining consciousness they started slapping me again and said that they will let me go if I let them have sex with me. Then made me stand up and started assaulting me again till I fell down. Then 3 of these 4 men took turns in raping me. One of them even asked the other men whether they should try double penetration and they asked me my age. When I told them that I am 18 years old, one of the elder men said that she is too young for that. Thereafter they took turns and raped me one by one. I also heard one of them saying that I will not have sex with anyone other than my wife. By this time my ears, face and head were bleeding really bad to the extent that my clothes and face were drenched in blood. Then there was this argument between these 3 men who raped me and the one who did not. The man who did not rape me was adamant that I should be killed

they said that if we let you go then you will go to police to file FIR but be rest assured if you go to police, we will find you and kill you. While they were arguing on whether to let me go or kill me; one of them was trying to turn the car around and by accident it hit me and I fell off the creek from that hilltop.

When I reached the bottom, I landed on some road. I heard and saw a rickshaw and tried to stop the auto rikshaw. Upon seeing me in that condition; drenched in blood the auto rickshaw driver took me to Bishenpur Police Station. The auto rikshaw driver was carrying vegetables and he hid me under the pile of vegetables. Upon arriving the police station, I heard them that the police who will drop me home are from Meitei community. I started begging the driver that he must drop me home i.e. New lambulane area without the police as I don't trust them.

Thereafter, on 16th of May at around 4.30 am I left Imphal and came to Sapormeina. Thereafter, I went to Kangpokpi District Hospital for treatment but they referred me to Kohima Hospital as my condition was critical.

I therefore request you to kindly take necessary action in this regard for which I shall remained grateful to you.
