Subject:- Request to register an FIR against the above mentioned accused for commission of offences punishable Under Section 153 (A), 200, 295 (A), 298, 505 (i), 120 (B) of the Indian Penal Code and other offences provided under the law.

Accused :- Prof. Kham Khan Suan Hausingh, professor of Political Science, Hyderabad University, Hyderabad, Andhra Pradesh, India,

PLACE OF OCCURRENCE AND DATE:-

The interview of the Accused with “Wire News Channel” committing the above offence was found out on 19th June, 2023 at place at Imphal East, Manipur under the Jurisdiction of the Porompat Police Station.

Sir,

1. the undersigned would like to lay down few requests for your kind consideration and necessary action;
2. That the accused is stated to be a professor of Political Science, Hyderabad University.
3. That the accused during the month of June, 2023 has given interview in the channel “Wire news channel” with Karan Thapar regarding the current situation of Manipur which are very much defaming against the Meetei/Meitei Community and has also committed offence mentioned above.

4. That the accused has stated in the above interview that "Secondly invoke religious sentiment of the majority in order to sacralize tribal land what is important here to noted in Chibu, for example, although the original inscription that was erected in the particular site which become controversial only three stone slabs in honour of the king, in honour of the then political and two general which was sent somehow when Chandrakiti Memorial Park inaugurated in October 22. Somehow Thanjing, God of Meiteis was impla there and it was seen as a kind of surreptitious encroachment on the tribal which is the serious way of snatching tribal land. And similarly in 2022 when similar attempts was (were) made to declare Koubru as the "Laipham" that seat of the principle God of the Meiteis, followed by the State to use religion from the inner sword circuiting of procedural requirements that it follow both the cases". The statement made by the accused are all false and promotes the enmity between the different groups on grounds of religion and insulted the religious beliefs and religion. Further, his acts commits prejudice the maintenance of harmony of the State of Manipur and wounded the religious feeling of Meitei community in particular.

5. That the accused has stated in the above interview that "those responsible violence should be dealt with under the law of the land. You cannot lawlessness which in effect began to be adorned in Manipur by now. But think the major offensive strikes always come from the valley, raid tactics armed mobs who in fact work as instruments of Biren Singh government. I think this is unacceptable so long as this massive mobilization of armed militia group with full security cover by the Police Commando is allowed to wreak havoc on the tribal Villages, violence is not going to end." The very statement of accused is totally false and denied which are very much defaming against Meitei Community. The accused also gave statement that some cultural organisations of Manipur are responsible for instigating the present violence.

which is totally false and denied and even more defaming to the Meitei community. The very statement of the Accused is reproduced here below for easy reference;

“The second point is that the Arambam (Arambai) Tengol and the Meitei Leepun continue to launch you know a mass scaled violent attacks against the Kukis in the foothills. They must be arrested; they must be you know prosecuted under relevant laws especially unlawful activities act and I think this is imperative ...there is also another important...”

The very statement of the accused has brought more communal enmity during this burning situation in the State of Manipur.

The statement made by the accused is misplaced and aimed at promoting hatred between the Meitei community and Kuki community. This Hon'ble Court may be pleased to appreciate the chronology of events as under:-

Sl. No.	Date	Particular
i.	8/03/2023	Press release by Chairman of a Kuki militant group (KNO) namely PS Haokip to organise protest rally on 9 th March, 2023 to protest against eviction at K. Songjang Village from CCpur Khoupum Reserved Forest, Churachandpur in Kuki inhabited areas of Churachandpur and Kangpokpi Districts.

		The rally turned violent on 9 th March, 2023 as reported in the Ukhrul Times on 10 th March, 2023
ii.	15/04/2023	MLA Paolienlal Haokip issued a strong statement against the State Government regarding eviction of K. Songjang Village from the CCpur-Khoupum Protected Forest.
iii.	27/04/2023	Indigenous Tribal Leader's Forum call for total shutdown on 28 th April, 2023 against survey of Land carried out by the Government for demarcation of reserved forest/ protected forest etc.
iv.	27/04/2023	The unruly mob vandalised the venue of the programme being organised by MLA LM Khaute where the H/CM was invited as Chief Guest.
v.	27/04/2023	All Tribal Students' Union Manipur (ATSUM) and Indigenous Tribal Leaders' Forum (ITLF) issued separate press note dated 27/04/2023, thereby calling for Solidarity March on 03/05/2023 in all the hill districts of Manipur including Churachandpur. Further they also released schedule of the rally and it was provided that in Churachandpur it will start at 11.30 am.
vi.	Last week of April, 2023	It is widely reported in public that the Home Department etc., of the State sent many requests

		to the then DGP P Dongel to send additional forces to Churachandpur District because of the law-and-order situation in the district but it is reported that the then DGP did not send any additional force even on the date of occurrence i.e. 3 rd May, 2023 to CCpur. Liberty may be given to substantiate the statement after the records are obtained from concerned authorities.
vii.	30/04/2023	The Hon'ble Minister of Forest Government of India issued a statement that the State Government has constitutional duty to protect the reserved and protected forest' in Manipur.
viii.	03/05/2023 at 10.30 am	Forest Beat Office was burnt down in Churachandpur on 3/5/2023 at 10.30 am by mob even before the rally started at Churachandpur.
ix.	03/05/2023 11.30 am onwards	Rally as organized by ITLF & ATSUM started in Churachandpur on 03/05/2023 and immediately thereafter the rally turned violent with the participation of armed militants of Kuki Community, wherein the villages namely Waikhurok, Bangla, Govindpur, Torbung, Kangvai/ Phubakchao Ekhai Mayai Leikai, Phubakchao Awang Leikai etc. of Meitei community were burnt down one after another by the Kuki mob under the instigation of Kuki militants with AK-47 etc.

x.	03/05/2023 around 6 pm to 7 pm	After all the above incidents the Meitei Community also started retaliation in Imphal East and Imphal West District on 3/5/2023 at around 7pm
----	--------------------------------------	--

6. Therefore, the statement of the accused that the communal violence regarding May, 3rd incident that the Kuki targeting the Meitei is wrong and further goes that all the offensive and massive attacks has been launched by the arms militant organisation, which is the above cultural organisations, which is totally false and such false statements have been made to promote enmity between different communities of Kuki and Meitei. The very statement of accused No. 1 is reproduced hereunder for easy reference.

“I think this Narrative of the Kukis targeting the Meiteis is wrong. I think if you look at clearly the pattern of violence since May 3rd, all the conflagration happens because of the massive attacks, offensive attacks launched by all these armed militant organizations who come off less with some frontal organizations.... the fear is....”

It is a well known fact that the present situation in the State of Manipur started from the Churachandpur District after the rally turned violent on 3rd May 2023 as evident from the supporting documents. It is also a well known fact that the present situation has been created by armed Kuki Militants against the State Government policies namely (i) crack down against illegal immigrants from Myanmar; (ii) large scale destruction of illegal poppy plantations in the different hill districts including Churachandpur, (iii) war on illegal drugs declared by the State Government; and (iv) eviction process against illegal encroachers inside

reserved forest area. The reasons for the present situation in Manipur have been numerous but the reason stated by the accused No. 1 is only for demanding status of schedule tribe status by the Meitei community is completely false. The incumbent Chief Minister of Manipur, all these took different steps as stated above only to protect the interest of the indigenous people of Manipur (including the Kuki tribe who were settled officially in Manipur for over 100-200 years) and also in the interest of National security.

Therefore, the inflammatory statement of the accused that the Chief Minister has declared war on Kuki is destined to encourage the communal tension and killings of innocent Meiteis by the Kuki militants.

It is further respectfully submitted that at present the violence is cornered only with the killing of Meitei civilians and village defence force by the armed Kuki Militants. The very statement of the Accused No. 1 is very serious as it amounts to not only instigating the Kuki militants but also Kukis civilians to take up arms in their hands against the innocent Meiteis villages which is a very serious offence and as the result of the statement by both the accused many Kuki people all across the districts have started attacking and burning Meitei villages because of the inflammatory remarks of the separatist like the accused.

7. That the accused made many other allegations as mentioned in the above paragraphs which is causing further hatred, enmity and violence in between the Kuki militants and Kuki civilians on one hand; and innocent Meitei community, on the other hand. It is submitted that the peaceful coexistence which existed in the State between Meitei community and many Kuki people who have settled in Manipur for more than one-two centuries has been hijacked by these armed Kuki militants and illegal Kuki immigrants from Myanmar who have

recently come to Manipur in the last 30 to 40 years. And, to sum up, it is unfortunate that the accused no. 1 made many false allegations to promote enmity between different communities and in her desperate attempt she has even accused Manipur Police Forces and even Indian Army that they are helping and sponsoring the armed militants of Meitei to kill Kukis and these statements of the accused are totally false. The allegations made by the accused that there are armed Kuki militants are completely false and seditious. Moreover, in the present episode there is not even a single mention of Meitei Militants being involved in the present crisis in any of the local media or otherwise official records. There is no evidence of use of imported sophisticated arms like Machine Guns, Snipers, mine bombs, AK-47 etc. by Meitei community on Kukis. Therefore, the present conflict in the State of Manipur is all about the violence inflicted upon the innocent Meitei community by heavily armed Kukis and these innocent Meitei community have been trying everything to protect themselves from the atrocities being carried out by the armed Kuki militants. From calling for peace the accused has now sought to drag the innocent Meitei community into the conflict by inciting and encouraging the Kuki Community to attack Meiteis villages in the foot hills of Manipur by spreading and promoting enmity by both the accused.

A written copy of the statement made by accused no. 1 in the said interview is enclosed herewith for easy reference and it is available in Youtube Channel as follows:
<https://youtu.be/77FAcYKg21g>.

8. That it is worthwhile to submit here that during the regime of all the past Governments in the State of Manipur, there were no process of identification of illegal immigrants, prosecution against large scale destruction of agricultural cultivations, large scale seizure of narcotics substances, and eviction of encroachments in forest area in the State of Manipur. It is only since the

of March, 2017 that the present Government had started identifying the illegal immigrants from Myanmar and other countries, who are mostly labourers who were brought into the state of Manipur by big investors business man dealing with narcotic substances by the forming a huge cartel. Many leaders of the Kuki militants are the direct beneficiaries of these cartel and poppy is one of the main sources of terror funding of these Kuki terrorists who have mostly come from Myanmar. Therefore, large scale of destruction of poppy plantations in the hill ranges measuring over 8000 acre; seizure of narcotic substances during last five (5) years; crackdown against Myanmarese immigrants, eviction of encroachments in reserve forest areas are some of the main reasons as to why these Narco-terrorists are up in arms against State Government of Manipur and all these Narco-terrorists have been instigating the innocent Kuki community to attack against the Meitei villages located in foot hills and all other areas where Meiteis are minority across all Districts. Moreover, strict actions are being taken up by the present BJP led State Government against all the illegal encroachments in reserve and protected forest area across all communities including both the Meiteis/Kukis and also numerous actions have been taken against illegal constructions in Paddy Field stringently. These are also the main reasons which fueled the violence being instigated by the people with vested interest, as many illegal immigrants have started settling down in the reserve and protected forest areas of Manipur as a result of the military crack down in Myanmar during the last 3-4 decades. And the modus operandi of the illegal immigrants is that immediately after illegal settlements in interior part of forests, they will forthwith start poppy cultivations as a main source of livelihood under the finance and control of these Kuki militants.

It is also widely reported in the media that one of the Kuki Chin Ministers who was the Chairman of cabinet Sub-Committee for identifying the illegal Kuki immigrants from Myanmar along with his team visited Churachandpur District

on 01/04/2023 and then Chandel District on 29/3/2023 and in its first survey more than 2,100 illegal Myanmar Kuki immigrants detected/identified and these have caused panic to large number of immigrants in Churachandpur district. However, interestingly the Shri Letpao Haokip within about 45 days therefrom has demanded for administration. Therefore, it is very apparent that there is huge nexus of these accused with armed Kukimilitants, politicians etc., which is thoroughly investigated.

We must also recall the information made available to the public by Government officials that the previous State Government only destroyed of illegal poppy cultivation in Manipur from 2013 to 2016. But, the present Government under the leadership of Shri N. Biren Singh destroyed of illegal poppy cultivations from 2017 to March, 2023. And precisely 2699 acres of illegal poppy was destroyed in Churachandpur alone as armed narco-terrorist and their supporters based in Churachandpur reason to wage war against the State.

Myanmar Government has issued a statement dated 15th June 2023 that the illegal immigrants of Myanmar who are at Manipur should refrain from any acts that are prejudicial to sovereignty and territorial integrity of India. Further, such notification was published by the prestigious news channel "Hindu" on 18/05/2023 are enclosed. Therefore, the factual aspect of illegal immigration from Myanmar including armed militants to Manipur for the purpose is proved beyond any doubt.

8.1 It is pertinent to mention herein that the border between Myanmar and Manipur is unfenced and left open since border fencing is completed to an extent of about 10 kms, hence, a stretch of about 390 kms of Manipur

International Border still remains porous and easily penetrable for illegal activities such as entering of illegal immigrants, illegal arms smuggling, illegal drug smuggling and such other anti-national activities.

8.2 Further, the Kuki National Army (KNA) has established in Myanmar since 1988 thereby demanding homeland for the kukis, and they were targeted by Myanmar Army and because of such reason they were even bombed and large number of them crossed the unfenced/open border and came to Manipur where they indulged in illegal activities in the Manipur's border region and beyond and also participated in drugs business, bringing of large number of illegal immigrants into the State etc. It is worth mentioning that the said KNA, KNO and other such illegal Kuki outfits operating in the Myanmar came easily through the porous border and gets easily mingled with Kuki citizens of Manipur residing in Churachandpur, Kangpokpi, Tengenpual etc. since many of them belong to the umbrella of Kuki-Chin community, and the said community is residing largely in Myanmar, Bangladesh and India they are found in Manipur and Mizoram. Hence, after 1988 the North-East especially Manipur become a breeding ground for such illegal armed outfits after 1990s.

Another, threat to the State is demand for a Kuki homeland which can relates back about 20 years and it is worth mentioning that in Manipur most of these armed Kuki militants were formed to counter the counter part of Naga community after the Kuki-Naga Clashes in 1993-1994 but now due to all these selfish ideologies they have started demanding for separate State/UT or otherwise Kuki land or Zale'n-gam.

Zale'n-gam is one of the major ideologies shared by most of the separatist Kuki-chin militants who instigate innocent people belonging to Kuki-chin-zo

community to demand for a single country which comprises of different part Myanmar, Bangladesh, Mizoram, some part Manipur, Nagaland etc. And instigation and propagation of both the accused which is prima-facie apparent from their statements for the cause of Zale'n-gam creates a serious doubt as to the unholy nexus between both the accused and the armed Kuki militants and such their involvement in anti-national activities cannot be ruled out and it must be investigated.

8.3 That the opium/poppy is the key source for many narcotics, including morphine, codeine, and heroin. And, since 1972 it has been widely planted in Hill Areas of Manipur especially in the Kuki dominated areas.

8.4 That, however, the allegations are being made as if only Kuki community has been prosecuted by the State Government under the law of the land for large scale plantation of Poppy in hill areas, clearing of large tract of Reserve/Protected Forest for poppy plantation, settlement of immigrants from foreign countries etc. But, the fact is that the Government of Manipur has taken serious actions under the ND&PS Act and such related legislations and has prosecuted everyone who has infringed the law of the land regardless of community affiliations and without differentiating caste, creed or religion against those persons who are part of the poppy plantations, forest encroachment and such illegalities. Hence, the allegation of targeting Kuki community by the State Government is baseless and wrong. It is also reported in the newspapers that destruction of illegal poppy plantation is carried out all over the State of Manipur and the same is not confined only to a specified area or community. The complainants have tried everything to obtain relevant documents from SP/NAB, Forest Department, Police Department etc., as relevant to the case.

present case but they refused to provide us the detail. Therefore, the complainants crave leave of this Hon'ble Court to direct the State authorities to disclose the correct documents and the police may seize the same as part of the case record in the interest of justice.

9. That from the Right to Information reply issued by the concerned authority, the mother namely Haulkhannem W/o Zelzakap, of the accused was enrolled for the first in the year 2005 in the electoral roll of 58-Churachandpur (ST) Assembly Constituency Roll-2005, when she was 57 years and the accused too in the years 2005 when he was 27 years. There is no mentioned of the father of the accused. The other family members of the accused namely Tualkhanlal and Thangkhanlain, their names also appears for the first time in the year, 2005 in the above electoral Roll. As such, the burden of proof of being Indian lies to the accused as well as his family members as provided under Section 9 of the Foreigners Act, 1946.

10. That the accused has stated in his interview with Wire news channel that "You see we have complete geographical as well as demographic separation now. It is difficult to imagine that Meiteis coming up to the hills or for that matter the Kukis going down to the valleys because they'll be hounded and they'll be killed. It is not just possible to think about coexistence within a particular political framework" which are totally false and denied and the allegations have been made to promote enmity between different communities on the false allegations and it has been made to divide the state. Therefore, with the above statements the accused has instigated the innocent Kuki people to hate all Meiteis including the Hon'ble Chief Minister in order to encourage the fighting, burning of Meitei Villages, and at the same time these statements clearly instigate to Kuki militant groups to hate and attack the Meitei villages and also all officials of State Government (including Manipur Police Personnel) who belong to Meitei community. It is just meant to see that Manipur continues to blood shed because

more and more fights and killings will only benefit separatist people who are accused to obtain separate administration or otherwise the objective of gaining what they called the land of freedom i.e. their objective to obtain a country for Kukis within the Kuki dominated areas of Myanmar, India and Bangladesh. The above mentioned facts are well known facts and are produced before the Investigating officer as and when required.

11. That there is a pending Complaint case against the accused before the Court and it came to the knowledge of the Complainant that the accused is trying to avoid notice to him and CDR reports can along be obtained by the I.O. Hence the Complaint.

12. That it is respectfully submitted here that there is no doubt that there is a large scale conspiracy involving both accused against the State Government of Meitei Community at large. Therefore, detailed character antecedents of both accused including CDR reports of extremely necessary to protect innocent people.

13. That the accused is known about the above facts but they have given false and fabricated statements with their criminal conspiracy thereby committing offences under Section 153A, 200, 295A, 298, 505(1), 120B of the Indian Penal Code, and others.

14. That it is highly suspected by general public that a large conspiracy is involving the accused and as such his CDR (Called Detail Report) since 1st June 2023 to 18th June, 2023 is urgently required and the same may be seized following due process of law. .

In the light of the above mentioned facts and circumstances,
it is therefore requested to kindly book the above mentioned
accused under Section 153A, 200, 295A, 298, 505(1), 120B of
the Indian Penal Code, for ends of justice.

Yours sincerely,

Dated/Imphal

The 25th July, 2023.

M. Manihar Singh
