Their post translates as follows "Today 9th of Sept., 2024, at this hour on behalf of village volunteer we would like to say some words to the general public that the war has been going on for more than sixteen months we neither get to sleep nor eat while facing Kuki in the jungle. Today itself we face the Kuki attacking Meitei by using drones and missiles and instead of uniting all the Meiteis together we are fighting among our self in social media and TV discussions, this has to be stop from today onward, if not the Meiteis who are at relief camps suffering with hardship will go in vain, we have to fight this war if not Meitei community might be wiped out totally that's why everyone

should help face this war together. At this time, we the village Volunteer would like to give four points to the general public, that is number one, in social media no one should post anything against each other whether it may be individual male or female, political party or any CSO. Any kind of weapon should not be taken from the Village Volunteer by conducting combing operation. Any ruling or opposition political party should stop taking political mileage, whether it may be Congress, BJP, NPP, or good governance party there is no difference, if there is no Meitei community there will be no political party. Stop acting over smart in social media, TV acting patriotic. If anyone ignoring our message and started arguing among our self in social media and TV discussion, they will be punished individually. This is the final message; the next message is we have no choice but to take up action. Help us save our motherland, Unity is Strength."
