Sir,

I would like to report that on 08/01/2026 at around 6:10 PM my brother namely, Lianzamang (40 yrs) who went out from home at around 4:30 PM returned back. We already had out evening meal and sitting with family members and chatting in the verandah of our house located at Hebron Veng, New Lamka, CCPur. He without any known reason or provocation from us, suddenly got angry with best reasons known to him, kicking the electric heater in which we were basking. We tried to pacify him but was out of control and very aggressive. He was angry with everyone present inside the house hurling harsh and abusive words. When my father tried to controlled him he attacked my father with an attempt to kill my father, punching him in the face and even attacked my father with a knife thus causing injuries to his forehead and face. My father's lives is in grave danger as he is of old age and under constant medical treatment due to various illness. As there was no male present during the time of incident and in order to control him, I intervene but he turned towards me, attacking

me with the knife in which he was holding and I received cut marks on my right hand and if I were not present at that time he would have killed my father. Me and my father were immediately rushed to District Hospital, CCPur for medical treatment. We returned back home at around 8:30 PM but my brother was nowhere to be seen even till today highly suspected to be in hiding due to fear.

In this regard I would like to request you to kindly take up necessary legal action against Mr Lianzamang as this is not the first time such incident as assaulting, using harsh and abusive words occurred in the family and family members especially minors are living in fear of him.
