Subject: Request for registration of FIR regarding the cutting and damaging of water supply pipelines.

Sir,

With due respect, the Taphou Kuki Village Authority wishes to bring to your urgent attention the serious incident involving the cutting and damaging of water supply pipelines that provide essential water to Taphou Kuki Village and Taphou Gorkha village, allegedly by unknown miscreants.

The deliberate disruption of the village's water supply has caused serious hardship and inconvenience to the villagers, depriving residents of access to an essential necessity of daily life. Access to safe and adequate drinking water is fundamental to public health, sanitation, and the well-being of every household. Such an act is a matter of grave concern and warrants immediate investigation by the competent authorities.

The Village Authority strongly condemns this act of damage to essential public infrastructure and is deeply concerned about the safety and welfare of the villagers. The intentional destruction or interference with the water supply system not only affects individual households but also threatens public health and the normal functioning of the entire community.

It may be mentioned that the water supply line located on the western side of Taphou Kuki below Rai Basti, was disrupted on the 20th October, 2026 at around 2:30 pm, from 3 (three) sources. On the 27th October, 2026, a repair team comprising of CRPF personnel from 152 Bn, 112 Bn, 142 Bn, Senapati Police, Assam Rifles and few villagers went to repair the supply line. It was observed that the pipelines belonging to Taphou Kuki and Taphou Gorkha was deliberately cut in multiple places while the pipeline of Taphou Phyamai was untouched, (Photos attached as Annexure for reference) which indicates that there is deliberate disruption to cause hardship to the
